DIRECTOR

November 9, 2020

The City of Peabody Health Department will be offering a Drive Through influenza vaccination clinic for residents aged 6 months and older on:

**Date: Wednesday, November 18, 2020**

**Time: 1-4pm**

**Location: 50 Farm Ave, Peabody 01960**

**\*Registration forms may be found at [www.peabody-ma.gov](http://www.peabody-ma.gov) or <https://peabody.k12.ma.us/> to print out and complete early. Please bring the completed form to the flu clinic on 11/18/20 – one form for each person to be vaccinated.**

Participants will stay in their car throughout the event. No pets are permitted in vehicles that enter this Drive Through flu clinic so please leave animals at home. **All participants must wear masks.** Participants should bring their health insurance cards and Medicare cards if they have them. However, no participant will be turned away if uninsured or underinsured. Please wear clothing that provides easy access to your upper arm.

In addition to the standard quadrivalent flu vaccine for adults and children, FluMist (the intranasal version of the vaccine) will be available for children if requested.

**Participants should approach the clinic from the Centennial Park/Jubilee Drive/Dearborn Rd. area rather than from Route 1/Forest Street in order to join the line.**

Individuals must not have been diagnosed with COVID-19 in the past 21 days and must not have been a close contact to a confirmed case of COVID-19 in the past 21 days. Individuals must prescreen themselves prior to attending the clinic to ensure they are free from the following symptoms:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

The Peabody Health Department encourages all Peabody residents 6 months of age and older to receive flu vaccine this fall. For questions about this flu clinic, please contact (978) 538-5926. For questions about the flu vaccine in general, please visit: <https://www.cdc.gov/flu/season/faq-flu-season-2020-2021.htm>

Please note that flu vaccine is widely available this fall, and is available at many pharmacies and doctors' offices for those who do not wish to wait in line.
